TO: Milton Township Residents
FROM: Milton Town Board
RE: 2016 Chloride Application for Dust Control

It's time again for Milton Township resident to order chloride for dust control on the roads.

We are using a new chloride vendor this year which will allow us to apply the chloride earlier than in the past. Many of the township roads have already been rocked. The rest that are on the schedule to be rocked this year will be completed soon. After they are done and the rock settles, we can apply chloride. We hope this will be the 3rd or 4th week of May.

We have been using a new procedure for ordering chloride, and it has worked very well. We will continue that procedure again. If you want to have chloride applied to your road, please do the following:

- 1) Pick up two stakes at the town hall to mark where you want chloride applied. The stakes are available in a barrel by the door of the town hall now. If you plan on using 18 foot wide chloride, take four stakes.
- 2) Put one stake at the beginning and one stake at the end of the area where you want the chloride applied. Measure the distance between the stakes. That will be the length of area that you want chloride applied. If you want to order 18 foot wide chloride at an extra cost, put two stakes at each end of where you want it applied.
- 3) If you want to know how many feet your ordered last year, send me an email and I will let you know. My email address is clerk@milton-township.com
- 4) Fill out the enclosed/attached form. If you are ordering chloride for more than one location, please fill out a separate form for each location. Figure out your cost on the form based on the number of feet you want, and the cost per foot.
- 5) Send the form with a check for the amount indicated on the form to:

Milton Township
P.O. Box 308
Pine Island MN 55963

Your order form and check must be received by the township by May 13th, 2016.

- 6) When we know the exact date of the chloride application, we will send an e-mail if you have provided an email address. The expected application date will also be posted on Milton Township's website: www.milton-township.com
- 7) The chloride truck, which has GPS, will dispense chloride between your stakes for the exact number of feet you ordered and paid for.

You will notice on the form that the cost of chloride is down slightly this year.

If you have any questions, or if you need help, please contact one of the town board members or Madge Alberts, clerk. Numbers are below.

Thank you very much.

Brian Carstensen, Chair – 507-273-0138
Luke Elias, Road Supervisor - 507-951-2851
Scott Berg – 507-259-7498
Madge Alberts, Clerk – (507) 254 5545

2016 Chloride Application Order Form

Milton Township

Name _____

Address _____

Is the above address the address where the chloride will be applied? _____ Yes _____ No

If no, what is the address where it will be applied? _____
